*1 N12910 Series N16910 series W12910 Series W16910 series base on Intel C236 chipset support up to 64GB

*2 Note ECC & non-ECC DRAM unable to intall on the same NAS together.

The following scenarios will immediately invalidate Thecus® warranty:

- A. Replacing original hardware with products not included on Thecus hardware compatibility list
- B. Upgrading hardware from original specs
- C. Hardware or software modifications not performed or authorized by Thecus®

NOTE: RMA warranty service will not be provided if Thecus unit(s) is not shipped back with its original hardware.
